

Citizenship is:

Standing up for what is right

Taking action when things need to be done

Caring for myself, my family, my school, and my community

I know I am a good citizen in the classroom and in school when I...

- do what I see needs to be done
- stay informed
- vote for the best student, not just someone I'm friends with
- clean up after myself
- volunteer my time and knowledge to help other students
- thank teachers and classmates who help me
- encourage classmates who are struggling
- speak up for what is right, even when it is difficult

I know I am a good citizen in the cafeteria and on the playground when I...

- obey the rules even when no one is watching
- clean up after myself
- am aware of the volume of my speaking voice
- thank the cafeteria staff and lunchroom monitors

I know I am a good citizen at home when I...

- look at and listen to the person who is talking
- take turns speaking, playing with a toy, or serving food
- consider both sides of a situation

I know I am a good citizen in my environment when I...

- stand for the Pledge of Allegiance
- sing patriotic songs and learn about my country's history
- keep my community and my county clean and don't litter
- plant something in my garden and take care of it
