**FREQUENTLY ASKED
QUESTIONS**

Why do we need an Annual Campaign for a public school?

The goal of the Tip the Scales annual campaign is to cover expenses that are not included in the CMS budget for Dilworth Elementary School. CMS provides funding at the beginning of each school year for yearly materials and supplies based on the number of students in the school. Fundraisers, such as this campaign, support the additional needs of our teachers and staff, ensuring the best possible academic environment for all students at Dilworth.

FAQ

Where are the Annual Campaign dollars going?

The annual campaign is primarily directed toward supplementing the school with equipment and supplies. Donors are asked to contribute funds directly to the PTA annual campaign fund. All funds are then turned over to the school, with purchasing decisions made by the school administration. The PTA will facilitate the process but will hold no decision-making role. According to NCPTA guidelines, no funds from this campaign can be used for human resources within our school (i.e., providing additional teachers, assistants).

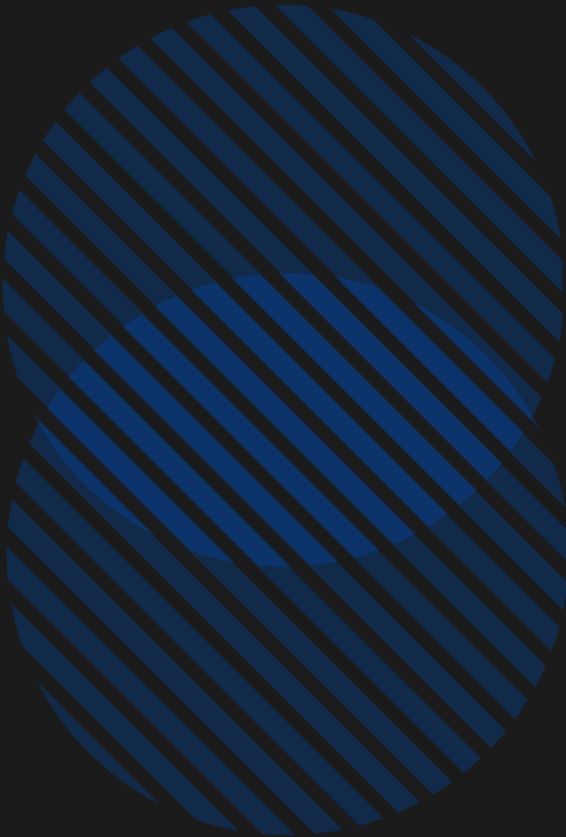

FAQ

When will these campaign dollars be spent?

The campaign dollars will be spent between July 1, 2023 and June 30, 2024.

How long do I have to pay my contribution/pledge?

The Tip the Scales campaign closes March 24, 2023.

I cannot give a lot so how will my gift make a difference?

All gifts make an impact. For example, a grade level local field trip costs an average of \$30 per student (about \$500 per classroom). Please give what is meaningful and manageable for your family. All gifts make a difference for our school.

FAQ

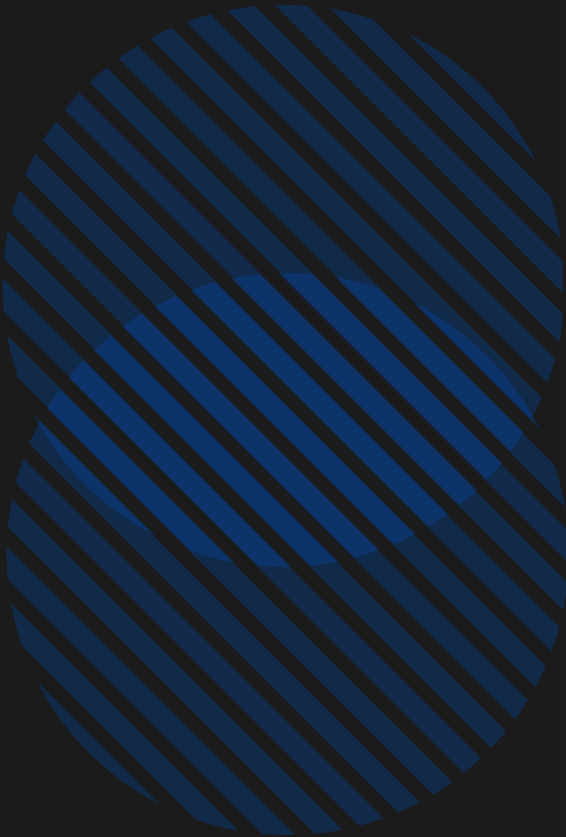

I already volunteer so why should I care about the financial stuff?

We want to ensure that each child receives a quality education and that we preserve the current high academic standards we have come to expect at Dilworth Elementary. In order to accomplish this goal, two key areas we must continue to focus on are our volunteer and fundraising efforts. The generosity that our parents have shown with both their volunteer time and financial support has been a tremendous asset for Dilworth. Without this support on an annual basis, Dilworth would not be able to continue to excel and offer the best education for our children. It is critical for all families who are able to engage in our school community with time, talents, and financial resources every year for our school to continue to thrive.

What is the difference in
SPARK and Tip the Scales?
Why should I give to both?

SPARK is our summer reading, math, and academic program that encourages Dragons to continue their academic work over the summer. Parents, grandparents, friends, etc. sponsor our Dragons for the number of hours read to raise funds for our PTA operating budget. SPARK fundraising supports our entire PTA operating budget every year. This budget includes activities such as PTA events, InReach, and Staff Appreciation. Tip the Scales is our capital campaign and fundraiser. Every dollar raised goes directly to Principal Crawford to purchase materials needed, fund professional development, handle campus improvements, etc. that goes above and beyond what CMS provides. These two fundraisers are completely separate and support Dilworth in two very different ways.

Whom should I contact if I have questions about the Annual Campaign?
